REGRESSED

DESIGNED, ENGINEERED, AND MANUFACTURED IN USA

### Design

MICROFlat is a 1.4" wide linear, bringing SmartBeam® capabilities to a discrete size designed to fit into accent or task applications. MICROFlat features a remote driver and quick connect system.

### Features

- High efficacy combined 135lm/W
- Rectangular profile: 1.4" (35.6mm) x 0.5" (12.7mm)
- SpekLED® & SmartOptics® inside
- 80+/90+ CRI, 2700K-4000K specifications
- Dimming down to 0.1%
- UL listed, CSA 22.2 compliant
- RoHS compliance and lead free
- 5 Year, 50,000 hour standard warranty

### Lumens and Power

80+ CRI, 3500K

#### DIRECT

Lumens/ft	350	500	750	1000
Watts/ft		3.2

Low	3000K	3.3	484	147	0.97
Low	3500K	3.2	484	151	1
Low	4000K	3.1	484	156	1.05

## ColorTune™ Technology

Lighting products with ColorTune™ technology in combination with XICO® LED engines deliver color control, producing superior color rendering and wavelength conversion.

ColorTune™ products utilize a unique collection of micron scale optical elements to diffuse, shape, reflect and manipulate light and colors in a broad range of LED optical systems.

Fusion Optix® manufacturing LED engines in Woburn, MA

## 90+ CRI Standard

Advancements in LED efficiency, combined with SmartBeam high efficacy optical systems, enables 90+ CRI as standard across all XICO products without compromises.

CCT	CIE Ra	TM-30 Rf	TM-30 Rg
3500K	94	90	103

XICO Standard 90+ CRI LED

## Full Spectrum, Tunable Control

XICO's in-house LED engine design and assembly allows for custom offerings in every category. Full Spectrum, Dim-to-warm, Tunable-White, RGBW, and application specific custom configurations.

Full Spectrum "SunLike" LED

## Human-Centric Lighting

Unique LED technologies, in conjunction with fixture and optical system design, deliver biological and psychological stimulus. Energizing light during the day and sleep-supporting light in the evening.

BIOS Circadian Lighting LED

## Drivers & Electrical

Remote, dimmable drivers are supplied in enclosures. Compatible with a wide range of dimmable drivers, control systems, and virtually all PoE systems.

## Emergency Back-Up

An integral emergency driver may be wired to 4ft sections. Other drivers are also available (not all integral; consult factory). Emergency circuits for use with building generators are also available.

## Finishes

All luminaires are available in clear anodized aluminum, white powder coat, or black powder coat. Any RAL color may be specified.

## Optics

FlatLens® extruded acrylic optic provides excellent diffusion, high transmission, and no LED imaging. Acrylic optics are fully recyclable at end of life.

## Construction

Extruded, recycled aluminum housing. Clear anodized and powder-coated extrusions are fully recyclable at end of life.

## Joined Runs

Runs of any length may be specified and are composed of multiple, factory-engineered, joined sections.

## Sustainability

Every XICO product features SmartBeam® Technology, energy efficient LED solutions, high efficacy optical systems, considered material choices, and thoughtful supply chain management.

## Technology and Manufacturing

XICO fixtures are engineered and manufactured in our Massachusetts factory with Fusion Optix® Inside. As LED engine and Optical system specialists XICO offers adjustment and customization to output, beam distribution, and color to meet the needs of your project.
